Chairman's Report

The year is progressing well with lots of great runs and events coming up over the next few months.

The planning for the AGM and a weekend of entertainment is well underway and we are hoping that the last few details will be worked out shortly.

Brits on the Beach promises to be even bigger and better than before and we have now attracted some free radio coverage from Nanaimo. Although the Ladysmith Horseshoe Club is unable to provide the pancake breakfast for us, Steve Waring has kindly arranged for the Lion's Club to do the same breakfast at little extra cost.

On July 27th the BETI tour (Brits Enjoying The Island) will start and head off around Vancouver Island, stopping at several scenic points of interest until August 10th. Everyone is encouraged to take part in either all, or just part, of the run. Please see Marg Sabourin for more details.

It looks as though most of our members will be going to the Qualicum Car Show on Father's Day this year with over 50 cars already registered - so if you are going, please make sure you have registered in advance.

As a reminder, here are some of our Branch's events already planned for the year -

April 20th is a tour of the 2 Triumph Spitfires being restored at Kwalicum College

May 19th Empire Days parade.

July 12 – 13 AGM weekend

July 14th Brits on the Beach

July 27th Open house at Steve Harris's with a tour of his garage.

July 27th Start of the BETI run

August 25th John Thomson has a run to the Black Goose Pub.

Also, Brian Collings has asked if members are interested in going on a run to Richmond to see some electric car manufacturing plants. Please let Howard or Brian know if you are interested, and depending on numbers, Brian will make arrangements.

...Malcolm Hargrave, Chair.

OECCSIB Restoration fair April 14th 2013

It is a great day anytime you can get together with friends and fellow British Car enthusiasts.

The Restoration Fair that was organized by the South Island Branch was no different. There were 12 cars that left in convoy from south Nanaimo and a few joined on the way, while others met us at the fair.

As a special treat the South Island branch arranged for the Miniature Train to be in operation for the day. As usual there were cars up for sale and many parts to be had at a reasonable price. A few of our members sold some unwanted parts, purchased some needed or desired parts and I believe there was even a car purchased and sold by a couple of our members. All in all it was a very enjoyable and productive day.

Happy Driving
...Geoff.

Kwalikum Secondary Spitfire Restoration April 20 2013

This tour was well attended with nearly 40 members. The tour began with an update on the spitfire rebuilds and how our donation has been put to good use. As you can see from the pictures this one is nearly done.

Our Host, Rob Gibbs, explained how he and his students used creativity and searched the world over for parts, upholstery and other obtainable bits.

We were then shown some of the brilliant creations, such as a come-along, clamps and little steam engines, the students made using their machining and other skills learned in Rob's class.

All the items on the table (excluding the vice in the foreground) were made in this shop.

After touring the shops and looking at other projects in progress we were treated to demonstrations (for those unobtainable parts) of powder coating, computer plasma cutting and computer routing.

After the tour we were treated to a "Silly-Like-A-Goose Scavenger Hunt". We were given directions and released every 15 seconds which eventually led us to the Black Goose Inn where the food was fantastic and fun was had by all.

Minutes of March 21st , 2012 General Meeting

Candy Francis opened the meeting at 7 p.m. with 39 members present.

Motion to accept the February minutes as circulated was Motioned by Mike Davies, seconded by Doug Unia and **Carried**.

The signing authority has been updated.

A warm welcome to new member Norm Laidlaw and his 1977 MGB.

Howard reviewed the Newsletter of Events, for full details see Events on our website http://oecc.ca/cib/branch_events.htm Al Thompson will send around a sign-up sheet for the April 14th Restoration Fair sponsored by the South Island Branch. Robb Gibbs has arranged the Tour of the Spitfires currently under restoration at Kwalicum Secondary School for Saturday, April 28th. Meet at Canadian Tire at 10:15 am. Anyone interested in participating in the June 22nd Chemainus Rotary Summer Fest Parade should get in touch with Howard. A Wagon master is needed for the Victoria Father's Day Picnic.

Cathy Gislason reported that the website is current and encouraged all members to advise her of any updates. Candy asked what the members thought about just having a link on our classified page to the main club classified page. But if you put in a classified ad, it will either be on the branch website or the club website but not both (I'm not sure why it can't be on both sites). This would save work for Cathy, as she would just forward the ads to Gerry to post and not have to update the classified page. It would show other classified ads from other branches. Cathy says if someone wants to put up an ad it takes five minutes and we are not short of bandwidth. It was discussed and put forward to the members to consider.

Judy Unia sent around a sign-up sheet for anyone willing to Billet out of town members

attending the AGM and/or Brits on the Beach, July 12th and 13th. If you have a spare bed, please consider billeting and contact Judy.

Judy also reported that she is working with Ken Tanguay to design a commemorative license plate for the OECC 25th Anniversary. It should be available in the near future.

Candy encouraged members to consider putting forth nominations for Club President, Vice President, Secretary and Treasurer. Nominations for the OXO Cup, Link Trophy and Montague of Beaulieu need to be received by Malcolm no later than May 17th.

Please submit your nominations to malcolmhargrave@shaw.ca

Ken Tanguay reported the organizers of the 20th Annual Seaside Cruizer's Father's Day Show and Shine in Qualicum Beach are ecstatic that the Brits will be attending. The 2 Spitfires will be front and center and the organizers have waived the registration fee for these two vehicles.

Merv gave a review of a Journalist Pros and Cons of the TR. The Mystery Car of the Month was Jaguar XKR identified by Dave Kelsey. Dave also announced that there is an XKR currently for sale in the \$9 - \$12k range

Ken Tanguay circulated a list of titles available in the Video Library and encouraged members to submit any videos they may have to share.

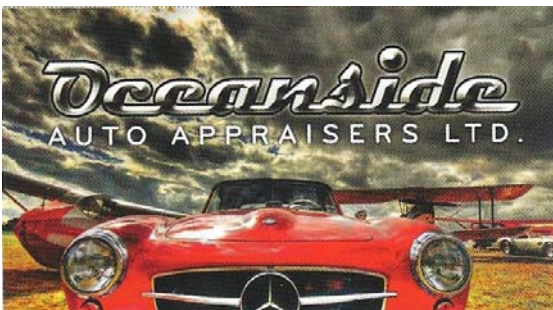

Dave Harris is looking for a MG Midget for yard art.

Ryan Goebers was the lucky winner of the 50/50, and he was wearing his name tag!

As part of the Technical Presentation, Terry McFarlane shared information about valuing your car for insurance purposes.

Meeting adjourned at 9 pm.
