

January 2021 – Edmonton Alberta

**1948 Daimler Type DE27
\$12,000 OBO**

I am offering this right hand drive 1948 Daimler Type DE 27 Limousine No. 51070 for sale in Edmonton, Alberta, as is or parting out. The car does run and drive but has not been on the road for many years (approx 20 years) but has always been kept indoors in a heated facility. The car is in fair condition with the exception of the driver's suicide door which is bent back causing some damage. This is the first time this vehicle has been offered for sale and it certainly has great potential as it is a rare and beautiful automobile. Estimated value has been placed at \$9000 to \$12,000 CDN. I am open to offers. Please contact David at 780-497-0061 for any additional information or inquiries or email carconn@telus.net
