

April 2021 Vancouver BC

1949 MG TC
\$35,000

Complete mechanical and cosmetic restoration beginning in 2001 and took 3.5 years to complete.

Two companies performed the restoration: Restoration by Classic Auto Restoration Services, White Rock BC Canada and Octagon Motor Group, Vancouver BC

- Body disassembled, parts stripped using the Redi-Strip Metal non-destructive metal cleaning process followed by electrically non-conductive microcrystalline zinc phosphating
- New steering box and recirculating ball
- New wiring harness, brakes and brake drums
- Engine disassembled and rebuilt
- New exhaust system
- New wiring harness, switches and instruments
- New exhaust system
- New wooden frame, leather upholstery, canvas top, carpet and side window system (all from England)
- All brightwork stripped and re-chromed
- Custom luggage rack added

Has been on storage for 6 years.
