

August 2019 – Vernon BC

**1950 Ford Prefect
\$1,200 OBO**

As you can see the car is not in the best of condition, but it is still something that could be restored if someone is wanting to put in the work. My dad always wanted to have it totally restored, but we were not able to afford it. It was in much better condition when he was alive, but a family members failed restoration attempt is what it looks like today. If you could see if anyone is interested in purchasing the vehicle for themselves we would be willing to make it available for viewing. Some of the parts are not available but we will try to make sure that we have as many as possible with the vehicle. Thanks you again for helping out with this. My dad would be happy to see it have a new life.

Sincerely, - May Lawrence (nee Colter) - 7354 Pleasant Valley Road, Vernon, BC. Phone 250-938-5354.
