

April 2019 – Surrey BC

**1958 Austin A95 countryman
Asking \$1000.**

Unrestored but no running train. Complete body with interior (good for patterns and colour matching when restoring), spare hood and a few parts. Last I heard there are only 11 of these cars left in the world. Worth restoring! The Queen toured northern Canada in the 1950's in an Austin Westminster Countryman.
