1975 Jensen Interceptor Series III
\$31,000 OBO

This amazing Jensen has been kept in a garage all these years. Treated with love and runs great! We recently inherited it, but don't require it, so would love to see it go to a good home! Taking offers near 31K CAD. We need to move this car because it's from an estate and we are selling the garage! So make us an offer and let's make a deal! Very unique car!
