

September 2021 – Victoria BC

**1996 Jaguar XJR
\$6,500 OBO**

1996 Jaguar XJR in great shape and low kms, 188,000 – no rust, no dents. Supercharged inline six cylinder with plenty of power and great handling for a large car. Has good continental tires. On collector plates and running fine. Drooping headliner and I could not clear the sunroof drains so had a magnetic flexible sheet (painted black) made to span the sunroof to keep water at bay and it has worked perfectly for several years- looks like a vintage Webasto sunroof cover and blends in well. \$6500 obo Contact Brent at bsguzzi@shaw.ca
